

**Suggested Amendments to the Equality Bill by the Medical Council Malta**

**Amendment 1**

Sub article 6(ii) is added after sub article (i) so that it reads as follows:

6 (ii) A health care professional is under no obligation to:

participate in any procedure for the application of any technique when such professional considers such participation objectionable as a matter of conscience and declares his objection beforehand.

The health care professional is duty bound to refer the patient to another health care professional.

 **Amendment 2**

Article 7 is amended to include the underlined part below.

Application. 7. (1) Without prejudice to any provision in this Act, no person, establishment or entity, whether in the private sector or within the public administration, shall discriminate against any other person in relation to:....
