NONE 

PRESS RELEASE BY THE OFFICE OF THE SPEAKER

Speaker of the House of Representatives Anġlu Farrugia makes reference to a media report appearing on the site of *The Shift News* claiming that the Parliamentary Chamber will be reconfigured following the election of additional members of parliament in the 14th legislature, resulting in less leg-room in the Chamber.

Contrary to what has been reported, Speaker Farrugia wishes to clarify that there shall be no such decrease in leg-room. The Chamber can already accommodate 77 members of parliament and therefore only one bench on both sides of the current configuration need to be extended, each accommodating an extra seat.
