Dear Ms. Anna Brincat,

It is pertinent to note that in his report published in November 2018 entitled “An investigation of matters relating to the contracts awarded to ElectroGas Malta Ltd by Enemalta Corporation”, the Auditor General states as follows:

3.8.5 The Programme Review Board met regularly between April 2013 and October 2013. Figure 23 provides an overview of meetings held and key developments registered therein. The developments noted must be considered in light of the EoIC, which was published on 11 April 2013, and the RfP, issued on 6 July 2013. Also relevant was the outcome of the EoIC evaluation process, which was concluded on 1 June 2013, as well as that of the RfP evaluation, finalised on 10 October 2013.

Figure 23 of the report gives a synopsis of the meetings of the Programme Review Board. These synopses contain specific reference to the FSU at the outset of the project. With reference to the third meeting of the Board, held on 13th May 2013, the Auditor General states as follows:

- generating equipment of 200MW can be accommodated at Site A;
- DNV KEMA reiterated that the onshore option for LNG infrastructure was better, yet the tight timelines excluded this option;
- various offshore sites were considered, with the option of a new jetty at Site B preferred as this allowed for an onshore regasification facility and an FSU;
- LNG storage capacity was discussed, which in turn bore effect on the frequency of shipments and the dimensions of the FSRU; and
- concerns expressed regarding the visual impact of the FSRU.

Considering that in terms of the Timeline of key events (Figure 70), Enemalta issued an Expression of Interest and Capabilities (EoIC) on 11 April 2013 with a closing date of 10 May 2013, it seems to me that the decision relative to the FSU may be attributed to the meeting of the Programme Review Board held on 13 May 2013.

I can give no personal input to this matter since I only took office as Chair of Enemalta plc in August 2022, but I shall rely on the findings of the investigation which, in my view, provide the reply to the questions put to me by the PAC.

Later on this week I will provide the Conversion Term Agreement between Enemalta and ElectroGas and the figures related to the heat rate as requested in the email sent dated 27<sup>th</sup> September 2023.

While I remain at your disposal, I trust that the above is sufficient for your purposes.

Kind regards,

Ryan

**Ing. Ryan Fava**  
Chairman | Enemalta plc

Ing. Ryan Fava  
Chairman, Enemalta plc

B'riferenza għall-email ta' hawn taħt nixtieq ngħarrfek illi waqt il-laqgħa tal-bieraħ tal-Kumitat Permanenti dwar il-Kontijiet Pubbliċi gie maqbul illi jekk jibqgħu ma jintbagħtux ir-risposti mitluba sa nhar it-Tlieta 3 ta' Ottubru 2023, allura inti se tkun qiegħed tiġi msejjaħ quddiem il-Kumitat sabiex tirrispondi viva voce.

Ippermetteli wkoll ninfurmak li waqt l-istess laqgħa l-Kumitat qabel ukoll li Enemalta tintalab tipprovdi:

- Kopja tal-Conversion Term Agreement li kien gie ffirmat bejn Enemalta to ElectroGas Malta; u
- Figuri tal-actual heat rates, minn meta bdiet topera l-power station ta' ElectroGas sal-lum.

Nirringrazzjak u nselli għalik

Sur Fava,

Nirringrazzjak tar-risposta. Madanakollu, u kif ċert li taf, id-domandi mill-Kumitat saru ripetutatment lil Enemalta - u mhux lilek fil-vesti tiegħek personali.

Inkun korrett jekk ngħid illi l-Enemalta ma żammitx din l-informazzjoni li qed tiġi mitluba u li l-informazzjoni li kellhom il-predeċessuri tiegħek inti m'għandekx? F'każ li hu hekk, tista' tinfurmana fejn tinsab din l-informazzjoni?

Grazzi bil-quddiem,

Sinjura Brincat,

Referenza ghal- email li rcivejt qieghed naghmel anness b'referenza ghal-dokumentazzjoni relatat ma' LNG storage.

Qieghed naghmel referenza ukoll ghall-applikazzjoni ta' ippjanar kif ukoll r-riferenza ta' ERA hawn taht imsemmija:

PA File No.: PA/00021/14 and PA/00022/14

ERA Reference: EA/00014/13

Project Title: Delimara Gas and Power – CCGT (Combined Cycle Gas Turbine Power Plant) and LNG (Liquified Natural Gas) Receiving, Storage and Regasification Facilities, at, Delimara, Marsaxlokk

<https://era.org.mt/era-project/delimara-gas-and-power-Ing/>

Nittama li l-informazzjoni sottomessa hi ta' ghajnuna.

Inselli ghalik,

Ryan
