Dear Mr. Calleja,

You are only requested to disable this account. It is a procedure whereby the email account is activated when there is a fuel procurement meeting and deactivated once this is over.

It will then be reactivated once again every time this happens.

With thanks & Kind regards

Good Morning,

Can you please specify further what needs to be done to spitw008. Is it just a disable of account (which the account remains there), or is this a deletion?

Thanks and Regards
